

BPP Construction Consultants LLP accepts that it has a responsibility to the principles of sustainability and environmental awareness as summarised by the ISO 14001:2015 standard.

BPP Construction Consultants LLP recognises the social and economic importance of protecting the environment; that its commitment to this must encompass all activities and that it should be prepared to lead by example in promoting a sensitive, considered attitude to the environment. Our approach to managing our environmental issues is compliant to ISO 14001:2015.

In line with ISO 14001:2015 BPP's Environmental Management System is integrated into BPP's Business Management System (BMS) and requirements are mandatory and all company personnel have a responsibility and obligation to it.

BPP has achieved accreditation from BAB (British Assessment Bureau) and is entitled to use Certification Marks in line with Branding Guidelines; BPP's certificate number is 193132.

For these reasons we are committed:

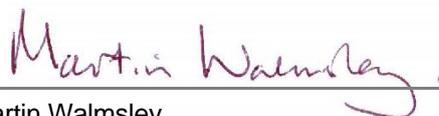

- To achieve good environmental standards in all activities including the reduction, re-use, recycling and disposal of waste.
- To make economic use of energy, water and transport usage to minimize waste in all aspects of the business function.
- To regularly assess the environmental impact resulting from business operations and to remain fully informed of recognised best practices, to assist in improving our environmental performances.
- To meet all relevant legislative requirements.
- To communicate this Environmental and Sustainability Policy and Action Plan updates to all interested parties including customers, suppliers and employees, encouraging their active involvement in environmental issues.

The BMS Committee has the overall and final responsibility for the Environmental and Sustainability Policy and the co-ordination, implementation and monitoring of the policy throughout the organisation. The Environmental and Sustainability Policy and Action Plan update will be communicated to all staff via BPP's intranet.

Copies may be made available to customers on request. The policy will be reviewed annually or as and when necessary and updates cascaded throughout the company.

This policy forms part of the Practice Handbook issued to all new employees. All policies are accessible on the company intranet. Policies are regularly updated and employees are kept informed of any updates.
