

Senior Quantity Surveyors London

BPP is looking for experienced professionals to join our team. Candidates should have drive, enthusiasm and a commitment to delivering quality services with an ambition to succeed.

We have two vacancies:

Residential sector

This role will be working primarily with residential and commercial clients and will include employer's agent and project management roles on design and build contracts and development agreements.

Life Sciences sector

This role will be working with both national and global clients; in research, chemical, pharmaceutical, bio tech or food manufacturing projects providing cost consultancy services. Experience within areas similar to the above will be essential.

Both roles require the candidates to have good leadership, communication and client facing skills together with a collaborative team building approach.

Experience Needed:

Candidates will be degree qualified, MRICS with 3-5 years professional experience with a proven track record of managing their own projects through all stages of the contract.

With excellent written and verbal communication skills, and a professional client-facing manner, candidates will be able to demonstrate the ability to work on their own initiative and be able to prioritise work.

To apply for either of these posts, please send your CV and covering letter to careers@bppcc.com.

BPP is an Equal Opportunities Employer.
