

# Carbon Reduction Plan

Supplier name: ... BPP Construction Consultants LLP.

Publication date: 13 October 2023.

## Commitment to achieving Net Zero

**BPP Construction Consultants LLP** is committed to achieving Net Zero emissions by **2050**.

## Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

<b>Baseline Year: 2023</b>	
<b>Additional Details relating to the Baseline Emissions calculations.</b>	
BPP has not previously reported emissions due to occupancy in serviced offices up to April 2023 whereby energy consumption was under the Landlord's responsibility. BPP's carbon footprint data starts from 1/5/23 with baseline year as 2023.	
<b>Baseline year emissions:</b>	
<b>EMISSIONS</b>	<b>TOTAL (tCO<sub>2</sub>e)</b>
Scope 1	2
Scope 2	1
Scope 3 (Included Sources)	1
<b>Total Emissions</b>	<b>4</b>

## Current Emissions Reporting

Reporting Year: 2023 (from 1/5/23 to 13/10/23)	
EMISSIONS	TOTAL (tCO <sub>2</sub> e)
Scope 1	2
Scope 2	1
Scope 3 (Included Sources)	1
Total Emissions	4

## Emissions reduction targets

Due to above data collected for a period of under a year, we will set our targets upon completion of a full year cycle. In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next five years to 3 tCO<sub>2</sub>e by 2028. This is a reduction of 25%.

Progress against these targets can be seen in the graph below:

## Carbon Reduction Projects

### Completed Carbon Reduction Initiatives

BPP's environmental management system is certified by ISO 14001. Over the last 3 years we have reduced emissions by:

- adopting hybrid working whereby BPP staff have reduced their business travel
- introducing Sharepoint to enable digital working and meeting thereby reducing paper, printing, waste

Upon gathering more data BPP will in future be reporting carbon reduction initiatives addressing emissions across scopes 1, 2 and 3 via comparison graph.

### Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans. **It is to be noted that this Plan is in its infancy with base year 2023 based on data gathered for less than a year. This Plan is being issued to demonstrate BPP's commitment to Carbon Reduction.**

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard<sup>1</sup> and uses the appropriate Government emission conversion factors for greenhouse gas company reporting<sup>2</sup>.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard<sup>3</sup>.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

**Signed on behalf of**  
**BPP Construction Consultants LLP:**

*Martin Walmsley*
